

25 35. The method of claim 16 wherein said plank sections have means on the outer surface thereof for forming a stop for the overwrapped sheet material.

25
26 36. The method of claim *35* wherein said stop means of said plank sections comprises a first step therein, and the inner surface of said plank sections has a second step for engaging said end closure.

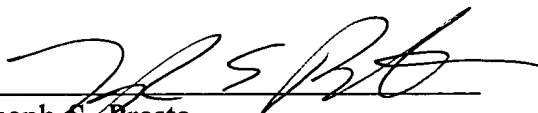

27 37. The method of claim 16 wherein said plank sections have sealing means on the inner surface thereof for engagement with said end closure.--

REMARKS

New claims 34-37 have been added in this divisional application. Thus, non-elected claims 16-22 and new claims 34-37 are now pending in this divisional application.

Examination on the merits is requested.

Respectfully submitted,
